

CALL FOR PAPERS

3rd INTERNATIONAL CONFERENCE ON ADVANCED RESEARCH IN ENGINEERING AND TECHNOLOGY

OCTOBER 23 & 24, 2024 - ZOOM MEETING

THEME:

SUSTAINABLE ENGINEERING AND TECHNOLOGY FOR SOCIETY 5.0: FOSTERING INNOVATION AND DEVELOPMENT

ABOUT

The 3rd International Conference on Advanced Research in Engineering and Technology (ICARET-24) cordially invites academics, researchers, and professionals from around the world to partake in a scholarly gathering dedicated to fostering innovation and transformation in the field of engineering and technology. This year's theme, "Sustainable Engineering and Technology for Society 5.0: Fostering Innovation and Development," underscores the pressing need to marshal the expertise and insights of the global engineering community to pave a way forward that is both resilient and sustainable in empowering Society 5.0.

ICARET-24 is expected to be attended by various stakeholders, including academics, practitioners, industry players, government officials, and end-users. Furthermore, this seminar is expected to serve as a platform for exchanging information and knowledge, particularly related to research conducted by academics. The issues discussed are related to the application of agriculture, economics, social & humanities, engineering, and computer science research and developments in empowering Society 5.0.
